

IMPACT REPORT

A message from our CEO

United Way brings people together in purpose. We mobilize communities to close gaps and open opportunities for **everyone, everywhere**. We know by improving access to education, quality healthcare, and family-sustaining financial stability we can help all thrive.

We have deep roots in our community, driving solutions and tackling the big challenges. We activate organizations and leaders, and direct our resources to where they are most needed, quickly and efficiently. We help people live their purpose – whether by donating, volunteering, or speaking out for policies to improve our community.

You may be surprised at all the ways we are making a stronger community. Locally, we are focused on three main areas: Behavioral Health, Safety & Prosperity, and Emergency and Essential Services.

United, we **stand up for the children** that struggle to have their own voice.

United, we **face homelessness** in our community.

United, we **confront the struggles of mental health**.

United, we **combat food insecurity**.

But we don't do it alone. Our neighbors are standing with us. They are striving to make our community a better place. If you want to be a part of something bigger than yourself, and live more purposefully -- even with limited time or resources -- please, join us in supporting our annual campaign.

Together, we can do more **United** than alone.

Sincerely,

Angie Lazzell

**UNITED in
PURPOSE**

We can do more United.
